

What becomes of students who graduate at the end of grade 9?

Since there is no Christian high school available within the Rocky/Clearwater County area, most of our grade nine graduates continue their education at West Central Public High School. Some students attend St. Dominic Catholic High School or David Thompson High School. Based on the comments of many of our parents as well as educators from the High Schools, the majority of our students do very well academically, athletically and in Fine Arts as they continue their education in a new setting. Many return to Rocky Christian School to express appreciation for the experiences and knowledge gained during their years at our school.
